

**CAPTAIN JAMES G. GREEN
UNITED STATES NAVY**

Captain Green is a native of White Bear Lake, Minnesota. He received his commission in 1981 through the University of Minnesota Naval Reserve Officer Training Corps after completing a Bachelor of Civil Engineering degree.

CAPT Green became an Engineering Duty Officer in 1987 and earned a Master of Science degree in Mechanical Engineering from the Naval Postgraduate School in 1989.

His sea duty assignments include Main Propulsion Assistant on USS TOWERS (DDG 9); Main Propulsion Assistant on USS KITTY HAWK (CV 63); and Chief Engineer on USS CONSTELLATION (CV 64).

CAPT Green's previous shore assignments include Assistant Chief of Staff (Maintenance and Material) for Commander, Naval Surface Force Atlantic Fleet; Deputy Supervisor of Shipbuilding San Diego; Force Naval Engineer at Commander Naval Air Forces Pacific; Boiler and Propulsion Inspector on the Board of Inspection and Survey; DDG 51 Class Assistant Production Officer at Supervisor of Shipbuilding at Bath, Maine; and Nuclear Power Officer Recruiter at Navy Recruiting District Minneapolis.

In August 2005, CAPT Green assumed command of the SOUTHEAST REGIONAL MAINTENANCE CENTER MAYPORT, FLORIDA.

His personal awards include the Legion of Merit, Meritorious Service Medals, Navy Commendation Medals and various unit citations and awards. CAPT Green is the 2002 recipient of the American Society of Naval Engineers' Claude A. Jones Award for significant contributions to operational engineering and material readiness.
